

MODEL: AFL M2 AFL MINI SANIFIER

AIR FOR LIFE
TOMORROW'S TECHNOLOGY TODAY

Size: W109.0 × D39.3mm × H155.0mm

Electrical specification

Voltage	12 VDC
Watts	12W

Mechanical specification

Material	ABS+PC	weight	410g
Colour	Stealth Black Ghost White Rose Gold Champagne Pearl	Shipping weight	683g
Fan motor	6015 fan DC12V, Dual ball bearing		

Electrical Component specification

Wall adapter power supply	Rated Input: 100V-240V Output Voltage/current: 12VDC, 1A With 1 UK PIN, 1 EU PIN, 1 UL PIN	Fan motor	DC12V, $0.21 \pm 0.02A$
PCO cell	1W	Plasma density	≥ 80 million/cm ³

LED Indicator legend

Night mode	Lights off
Auto mode	Breathing RGB (Blue, Green, Red), according to the air quality
High speed mode	Solid RGB according to the air quality
Cartridge replace reminder	White colour flashing on the logo after 1000 hours using. Press "POWER+FAN" 5s to reset timer

Sound level

Low speed (Night mode)	40.1 dB
Medium speed	49.0 dB
High speed	54.2 dB
